Networking and Social Benefits

Through monthly lunch meetings, social gatherings, and receptions, PCBA members are provided with frequent opportunities to interact with local judges and other member attorneys. The Association has focused this year on building membership with corporate and in-house counsel as well as attorneys who work for local and state government. This allows us all to network with attorneys in a variety of practice areas.

Community Benefits

Your membership supports the PCBA Volunteer Lawyers Project (“VLP”) which provides legal assistance to approximately 1,000 low income individuals each year. PCBA also sponsors the District Court Mediation Program, which provides all Polk County and Fifth District litigants with affordable alternative dispute resolution opportunities in small claims, family law, and other civil matters. To assist VLP clients even more, please consider including a tax deductible contribution to the VLP. The demand for the VLP’s life-changing legal services to low income Polk County residents continues to increase, and the VLP’s primary source of funding—interest on IOLTA funds—is not sufficient to meet these demands. The VLP needs your generosity now more than ever.
